<http://www.charlestoncity.info/dept/content.aspx?nid=124>

● Signage publicizing the Lower King Street businesses and Streetscape project was placed next to Saks one day last week and knocked down the next day. We will replace it this week. Keep your fingers crossed!

● Electrical ductbank work on the west side of Market and King Streets has been rescheduled until next week. Work will switch to the east side of the street as it progresses southward. There will signage, traffic control and only one lane of traffic will be opened. Meters in the impacted area will be bagged to prohibit parking.

● In the two week look ahead, sewer re-lining begins on August 4<sup>th</sup> and will take place at **NIGHT** beginning at the intersection of Market Street and King Street. Night work will allow this phase of the project to be accomplished in half the time and will not inconvenience as many businesses as daytime work would. Streetscape staff is working with the hotels and residents to minimize inconvenience. Set-up of the generators, lights and equipment will begin at 9 p.m. and work commences at 10 p.m. until 5 a.m. PLEASE UNDERSTAND THAT IT IS EXTREMELY IMPORTANT TO LIMIT WATER USE (BATHROOM AND LAUNDRY) BETWEEN THE HOURS OF 10 P.M. AND 5 A.M.

- On Monday, August 4<sup>th</sup>, relining will occur between 190 and 220 King Street [Market Street to Horlbeck Alley].
- On Tuesday, August 5<sup>th</sup>, relining and brushing of the new sewer laterals will occur between 211 and 201 King Street [Market Street to Fulton Street].
- On Wednesday, August 6<sup>th</sup>, relining and brushing of the new sewer laterals will occur between 197 and 185 King Street [Fulton Street to Clifford Street].
- On Thursday, August 7<sup>th</sup>, brushing of the new sewer laterals will occur between 190 and 220 King Street [Market Street to Horlbeck Alley].

Please be advised that the sewer lines have been videotaped, inspected and assessed for re-lining readiness, unexpected situations can arise and cause the schedule to change.

● Next week by Tuesday or Wednesday, the Horlbeck Alley entrance for the Market-Horlbeck Parking Lot will close as the new electrical ductbank is installed with the existing utilities of the gas line, electrical lines, sewer lateral services and storm drain.

● The sewer point repair in front of the Charleston Library Society building at 160 King Street will be completed this week and the opening covered, flowable fill added and paved over and another point repair in front of Surround, 160 King Street too will begin next week. Only one lane of traffic will be open in this area.
